REQUIRED: Describe what is depicted in the video. Describe condition of physical material. Copy any metadata from the video.	Cathy O'Neil talking in front of an audience. The speech includes gestures, images, and diagrams which are displayed on a big screen.  Abstract: Algorithms decide who gets a loan, who gets a job interview, who gets insurance and much more -- but they don't automatically make things fair. Mathematician and data scientist Cathy O'Neil coined a term for algorithms that are secret, important and harmful: "weapons of math destruction." Learn more about the hidden agendas behind the formulas.
Publisher	The organization responsible for making the resource available in its present form, such as a publisher, university department	University of Borås, unless otherwise specified.	University of Borås

	or corporate entity.		
Contributor or	Person(s) or organization(s) in addition to those specified in the CREATOR field, who have made significant intellectual contributions to the resource, but on a secondary basis.
